01:06:26	[REDACTED] [REDACTED]	Guys, FYI.	0

	J [REDACTED] encountered extraction issues of iOS 12.1.2 on P3 (S3). No data but location is being extracted. The problem is known and now examined by [REDACTED] & R&D. We hope for positive updates asap. will keep you updated.	
01:11:00	S [REDACTED] V [REDACTED] N [REDACTED]	I answered you (email)
01:11:04	S [REDACTED] V [REDACTED] J [REDACTED]	Also on sales 6 and Sting
01:12:44	S [REDACTED] V [REDACTED] N [REDACTED]	Once A [REDACTED] will finish the upgrade on sales 6 , I would like to ask you to check it again, in case the issue will reproduce we will open investigation with the R&D
01:18:40	S [REDACTED] V [REDACTED] C [REDACTED]	Can you say which 12.1.2 version we are talking about? the first or second variant?
01:36:51	S [REDACTED] V [REDACTED]	First. The one that all of us have.
01:44:07	S [REDACTED] V [REDACTED] C [REDACTED]	So you mean second, the latest 12.1.2 version
03:09:56	S [REDACTED] V [REDACTED] Y [REDACTED]	Hi all, The ssl of the hlr lookup provider is expired. Please approach us before demo, we will add the numbers to debug mode

03:15:55	S [REDACTED] V [REDACTED]	.
06:20:38	S [REDACTED] V [REDACTED]	Anyone has a Diablo device that [REDACTED] can try and send installation to from sales 6?
06:47:03	S [REDACTED] V [REDACTED]	Hello support team, when are you planning to upgrade sales3 to the new design (SP4.2)?
06:57:12	S [REDACTED] V [REDACTED]	Hey, S6 was already installed and will be tested (ATP) tomorrow. S3 will upgraded by the end of the week in case no troubles will be found on S6.

15:18:22	[REDACTED]	Good morning Starting POC on sales 1 1c Sting	0
20:54:31	[REDACTED]	Hi all, following yesterday issue with iOS 12.1.2 not exfiltrating data, I preformed a test on Sales6 (upgraded to 4.2). The installation and the exfiltration worked perfectly. I will try the same test today on sales3 (SP4.1) and update you regarding the progress.	0
20:55:43	[REDACTED]	Thanks. Is that the build you were testing ?	0
21:01:02	[REDACTED]	Hi, we are in a POC on Sales 1: 1C Sting Sales 3: Eden Storm	0
21:01:56	[REDACTED]	Please do not use Eden before we finish the demo	0
21:07:05	[REDACTED]	Thanks [REDACTED] Update regarding the same test on S3.	0
21:11:42	[REDACTED]	[REDACTED] please run the test as well ,	0
21:13:12	[REDACTED]	I will, but only later on today after my demo	0
21:13:28	[REDACTED]	👉	0
21:13:42	[REDACTED]	[REDACTED] will later for your update :)	0
21:15:51	[REDACTED]	[REDACTED] - can you please make sure [REDACTED] has still 1 valid per of credentials to use for Eden on S3, as he is not in front of a customer and we wouldn't like the last next installation to fail..	0

21:16:32	[REDACTED] [REDACTED] [REDACTED]	We got a confirmation from [REDACTED]	0
21:17:00	[REDACTED] [REDACTED] [REDACTED]	We just need to make sure no one is "wasting" it as we'll get to demo it only in 30 min or so	0
21:29:19	[REDACTED] [REDACTED]	Guys, quick reminder - please don't use TenBis today and come to 1409 for lunch at 12:30.	0
