The amount of RSU compensation cost recognized at any date is at least equal to the portion of the Grant Date fair value of the award that is legally vested at that date (floor concept). No expense is recognized before the Grant Date occurs. Meta recognizes expense for the RSU awards on a straight-line basis from the Grant Date until the vest date of the grant. That is, expense for the RSUs is the greater of straight-line recognition and the floor concept.

Fair value of RSU grants is calculated as the closing price of META stock on grant date. Vesting schedules may differ.
