>just as an update:
>- I got 2 additional PIDs for WhatsApp Security (so 4 in total already);
>- talked with Adam Simpkins and he's quite interested to join, will chat more in Aug with him after PSC;
>- Will (head of WA) wants us to move quicker, he wants us to damage NSO as much as possible and we need more capacity to find issues for that;
>- I might have found a replacement EM for my current team, so might be able to start full-time on security mid-Aug after coming back from a 3-week long vacation;
>
>Let me know if you want to chat more, if you have any doubts I'm happy to hear them. I want to build the core of the team with very senior folks that I trust, I think it will be exciting

>Cool. That's great to hear. I have timing problems though, and will likely stay at IG. We should sync in person
